

Nutrien AG Solutions Grower Data Privacy Policy

Overview

Nutrien Ag Solutions values the privacy and security of the information our customers share with us through their participation in or purchase of precision ag, application, consulting, and/or other services. This policy outlines how Nutrien Ag Solutions manages and uses your data as part of these services. We encourage you to read and thoroughly understand it prior to choosing to share your information.

Nutrien Ag Solutions does not claim ownership of your data. By providing your data, you acknowledge that you have the right to share it and that it ultimately remains yours. Equations, algorithms, processes and methods Nutrien Ag Solutions uses to create prescriptions and recommendations remain the intellectual property of Nutrien Ag Solutions or their providers and not covered in this policy.

Data Covered by this Policy

Data you share with Nutrien Ag Solutions throughout the process of receiving the products and services listed above. This includes but is not limited to the following:

- Personal Information
 - Name, address, phone number, email address
 - Date of Birth
 - Social Security Number
 - Credit History
- Production Data (Field-related data, including but not limited to:)
 - Field boundaries
 - Fertility, tissue and soil test results
 - Field history
 - Application data
 - Scouting data
 - Planting and harvest data

Use and Sharing of Data

We may use your data to perform and deliver services to you. We may also use your data to improve our products and services and to communicate with you about those products and services. We will not share your data with anyone other than as set out in this paragraph (unless we are legally required to do so). We reserve the right to share your data with certain of our suppliers and service providers we work with in order to fulfill our commitment to deliver services to you. An example of such would be third party soil samplers or software vendors.

Control and Access

You may request that your data be transferred to a third party or returned to you. You also have the right to ask that your data be removed from our systems. In order to request either of these things, just provide us with written notice.

While we are able to remove your Personal and Production Data, we are not able to remove data that has been “Aggregated” or combined with data from multiple sources and used as described below. Finally, we may retain certain data if in our judgment we feel it is necessary to protect our legal rights or comply with applicable laws or legal process.

Data Aggregation

We may aggregate data collected from you and other customers in order to identify trends, benchmark your results against your peers, and improve the products and services we offer. Anonymous aggregation could lead to things like improved seed placement, determining efficacy of crop input products, evaluation of specific management practices, and more.

In aggregating data, we abide by the following principles:

- We will take commercially reasonable steps to prevent a specific individual’s data from being identified.
- We will not use aggregated data to make speculative commodity trades or engage in unlawful or anti-competitive activities.

Data Security

Nutrien Ag Solutions will maintain reasonable measures from a technical standpoint to ensure your data remains secure. We also intend to provide continuous education to our employees to emphasize the importance of data security within Nutrien Ag Solutions.

Nutrien Ag Solutions reserves the right to modify the terms of this policy from time to time, in its discretion.
